PUBLIC SERVICE ANNOUNCEMENT

This information is provided to protect the citizens of our community and help you protect yourself from fraud and scams.

Unfortunately, after a tragedy like the Wallow Fire, criminals start planning to make money. The scams include; unauthorized persons collecting donations for victims, persons claiming they can eliminate the smoke smell inside your house and phone calls or persons alleging to be representatives for insurance companies asking for your personal information to file the insurance claim.

Donations should be made through reliable sources. Do not give a credit card donation over the phone. Tell the solicitor to mail the information and you can mail your donation. Check out the organization that is asking for funds before giving any money. We have many local organizations that you can donate to directly.

Door to door solicitation or salesmen are not allowed in Eagar, unless they have a permit issued by the Town. The permit application process gives the police information needed to investigate any fraud or scams that might be committed in Eagar. Always ask salesmen or persons soliciting door to door to see their Town of Eagar permit before donating, purchasing items or allowing cleaning work to be done in your home.

If you are contacted in person by anyone claiming to be an insurance representative ask for their company identification. Then call the insurance company phone number listed in the phone book, not the phone number the representative gives you. If you are called by a person claiming to be an insurance representative do not give any personal information over the phone until you confirm they are legitimate. Obtain a call back number from the person and call the insurance company phone number listed in the phone book to confirm the representative's identification.
