

Town of Eagar Culvert Installation Request

The Town of Eagar Public Works Department will at the request of a property owner, (after the property owner has purchased a culvert(s) and connecting bands) install culvert(s) in the Town right-of-way for access onto the owner's property.

As noted above the property owner must purchase the culvert(s) and connecting bands.

The minimum size for culvert(s) will be 18" X 20' unless an alternate size is approved by Public Works. If the property owner requires more than a twenty foot length additional culverts must be purchased along with connecting bands.

To make a request for a culvert installations fill out a use of right-of-way permit and turn into Public Works for approval.

Once a request has been made and location approved the installation will be schedule and completed usually within 15 business days.

If you have any question and for application request you may call 333-4223 and leave a message. Your call will be returned as soon as possible.
